

Triangle

Space-saving miracle!

There's space even in the smallest room and with our new HOMEbox® Vista Triangle you can make optimum use of it. Thanks to its triangular base, it can be fitted into any corner of the room and become a new piece of furniture in the living area.

The large viewing window on the front is big enough to look into the tent without compromising the inside climate. An LED / 250-W bulb provides the ideal illumination.

Assembled size: 85 x 85 x 160 cm

Grow space: 0.4 m²

- High-tech design and technology from Germany
- Step-free, barrier-free access possible
